- > National Safety Council Award winner
- > Available to CGU Countrypak customers

# Commodity prices fluctuate.

Your bottom line shouldn't have to.

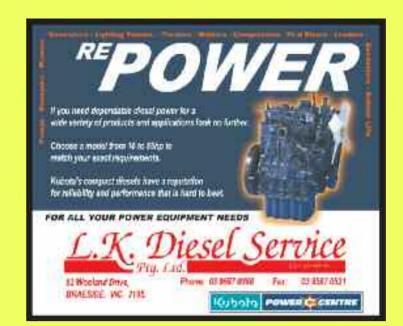

Take control over your bottom line by affectively managing the risks associated with fluctuating commodity prices, including wheat, wool, canola, cotton, corn, sugar and live cattle. Our hedging solutions allow you to budget and plan with greater certainty. For instance, a 'swap' lots you fix a price, guarding you against market fluctuations. Afternatively, choosing an 'option' guarantees you a 'worst-case' price as well as allowing you to capitalise on favourable price movements.

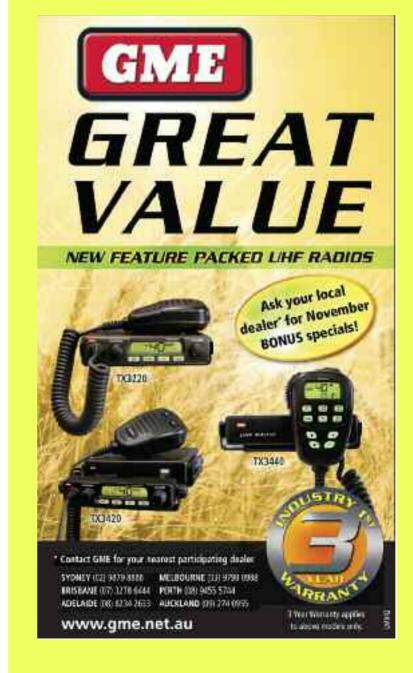

For more information, call us today on 1300 245 463.

Important information. Product Dischause Statements for Agricultural September Splicins and Agricultural Delices, named by the Commonwealth Hank of Australia ASN 48 123 123 124, are available from www.commonsecurity contains 12 2221 and should be considered below making any decision about these products. You should consider whether or not these products are appropriate for you.
